

# SAND PIT & PLAYGROUND PLASTIC BORDER EDGE PANEL

“Tufftimbers” are a simple interlocking border edge system which is ideal for sand pit surrounds or as a retaining edge for playground mulch. The edging when assembled creates ideal seating for children, is cool to touch and will not rot or splinter.

## TUFFTIMBERS EDGING

- Features a unique interconnectivity that allows you to build play borders of many shapes and sizes to define play areas and keep loose surfacing in place.
- High Density Polyethylene with UV stabiliser added to prevent fading and weathering.
- Maintenance free.
- Available in black only.
- #119214A Tufftimber Edging
- #100626A Stake

<b>PANEL LENGTH</b>	1200mm Long x 300mmHigh x 100mm Wide
<b>CONNECTION</b>	Concealed Galvanised Pin 760mm long
<b>PLASTIC</b>	High-Density Polyethylene with UV stabiliser
<b>COLOURS</b>	Standard Colour Black

### SAFETY SURFACING

When used as a border around playground equipment we strongly recommend that an approved playground mulch be installed to a depth of 300mm in accordance with AS/NZS4422:1996

### RECOMMENDED SAFETY CLEARANCE ZONES 2014

#### Depending on Fall Height of Equipment

Schools and Public Areas	1.5m - 2.5m around perimeter of play equipment
Child Care and Supervised Areas	1.5m - 1.9m around perimeter of play equipment

### SAFETY INSPECTION

We recommend a regular inspection program be instigated to demonstrate your "Duty of Care". Playground Mulch should be raked daily to ensure an even and adequate depth of mulch is maintained around play equipment. When used as a **SANDPIT** surround we recommend an appropriate sand pit cover be installed. A program of regular maintenance and cleaning of sand should be instigated.
